Getaway from the everyday

Down a winding red dirt road,
behind tall Karri trees and a
winding path lined with
wildflowers and peppermint trees
is where you'll find Tanah Merah.

Tanah Merah is the home of
Linda and Rory Curtin and their
family. The Curtin's are curators
of unique immersive holiday
experiences and pride themselves
on providing a place to getaway
from the everyday.

The Curtin family and their loyal
canine sidekicks, are looking
forward to working alongside you
to help you create the wedding of
your dreams.

Welcome to Tanah Merah.

Our Chalets

Each of our six self-contained, rammed earth chalets come with two king bedrooms with ensuite bathrooms and an open plan living and kitchen area. Five of the chalets are identical in layout; the sixth chalet has one bathroom that is wheelchair accessible, but otherwise the same.

Our Chalets

The rooms are spacious and all lead to a private terrace overlooking the stunning lake and forest. Each chalet comfortably sleeps up to 4 guests with additional beds available on request at an additional charge.

Meet the Curtin's

Tanah Merah is home to Linda and Rory who run the property with the help of their family: Tom and his wife Amalia, Joe and Lucy and her wife Mel. You will often see them around the property with the official welcoming committee, their dogs Pandora, Annie and Milly.

Throughout your wedding planning journey, you will meet up with Linda, Lucy and Mel who will work alongside you to plan your special day. The rest of our team work on the best way to showcase the property's natural beauty and refined wilderness.

The Curtin's love calling Tanah Merah their home and have carefully chosen a few select dates to share their slice of the world with you.
